P R E F A C E .

In presenting to the citizens of Allen County this work, we deem it necessary to state that it is the first of the kind with which we have ever been connected. We are aware that imperfections exist, yet trust that they may be overlooked.

The work embraces a General Directory. Our aim has been to furnish a complete list of property holders in the County, giving the township in which they reside, the post office address, and showing owners of real estate and personal property; also, giving the occupation of each one, so far as we were able to ascertain; to which is added a Business Mirror of the City of Fort Wayne; a City Guide, giving the names of all the streets in the city; the location of all the Churches, Public Institutions and Societies; a short sketch of the early history of the county; a few interesting items relative to the settlement of Fort Wayne, with notes of the progress of improvement up to the present time; together with a short notice of the towns throughout the county—their location, etc.—also, the names of all the officers of the county, and an official list of Justices of the Peace and Notaries Public.

We have labored under many disadvantages, both during the compilation and printing of the work, yet the delay in its issue has not a tendency to destroy its usefulness as an advertising medium, nor taken from it any information which makes a work of the kind an invaluable book of reference; and, in submitting it to the citizens of Allen County, we trust it may meet their utmost expectations.

Local Items.

Reed & Wall, Wholesale and Retail Druggists, occupy a beautiful building on the northwest corner of Columbia and Calhoun streets. Buying largely and being constantly in receipt of goods, they are enabled to compete with Cincinnati and Chicago houses. They keep constantly on hand Medicines of every description—which are dispensed with the greatest care by experienced Apothecaries—Oils, Paints, Lamps, Toilet Soaps, Artists' Tools of every description, &c.

Wm. T. Abbott, Dealer in Staple and Fancy Dry Goods, Carpets, Groceries, &c., has lately removed from his old stand to his new building, No. 99 Columbia street, where he will continue his business. He now has ample room to display his goods, and accommodate his old friends and customers.

Thieme & Bro., on the northeast corner of Clinton and Columbia streets, occupy a fine building, but recently erected. They are prepared to furnish everything in the line of Clothing, Gents' Furnishing Goods, &c., at low rates, and gotten up in the latest and best of styles.

H. R. Schwegman, now occupying one of the most beautiful store-rooms, (No. 101 Columbia street,) is prepared to accommodate his many friends and customers with anything in his line, such as Staple and Fancy Dry Goods, Groceries, Queensware, Wood and Willow Ware, &c.

Furste & Bro., having extensive facilities for Printing and Binding, are prepared to execute, in the best manner, Cards, Bill Heads, Circulars, Books, Pamphlets, Blank Books and Blanks of every description. Old Books re-bound in any style, at short notice. Also, wholesale dealers in Stationery.

Wilder & Humphrey, Boot and Shoe Manufacturers, 123 Columbia street, have facilities for the manufacture of everything in their line which are seldom met with in the West. Their patent Last—which is just the shape of the foot—affording ease and comfort not to be found in the last generally in use. They keep constantly on hand all kinds of Boots and Shoes, and are prepared to make to order any style of work, to suit the demand of customers.

Bowser & Story, Manufacturers of Machinery and Castings of every description, are prepared to execute work in the best possible manner. Their facilities are such as to enable them to manufacture Boilers, and fit out complete stationary and movable Engines. Supporters, Iron Fronts, and Door and Window Caps for buildings, made to order, at short notice. Also, manufacturers of Saw and Grist Mills and Plows. Foundry, south side Water, between Calhoun and Harrison streets.

F. H. Anderson, House, Sign and Ornamental Painter and Glazier, is prepared to execute, in a neat and tasty style, all work pertaining to his art. Few, indeed, are there, who can adjust and proportion letters with that degree of nicety at which Mr. Anderson seems to have arrived. Do not fail to give him a call when in need of services which he can render. Gallery, No. 94 Columbia street, over Woodward & Young's store.

Dunkleberg's Fine Pictures.—An inferior picture can be obtained at almost any place, but Likenesses taken by Dunkleberg are of a superior quality, and, by a call at his rooms and an examination of specimens, it will be seen that we do not overrate him, when we say that his work ranks with the finest in the Union.

The Mayer House, corner of Wayne and Calhoun streets, is decidedly a first class Hotel. Everything is in complete order, and the eating is unexceptionable. The gentlemanly proprietor, Mr. Fox, is certainly one of a thousand that is suited for such a position. His whole attention is devoted to the comfort of his guests, for whom he always has a smile. He is just the kind of a man to take the traveler in out of the storm and make him comfortable.

Sol. D. Bayless, Attorney and Counselor at Law, Collecting and General Land Agent, and Agent for the Manhattan, Security, and City Fire Insurance Companies, and the New England Fire and Marine Insurance Company. Having been for a number of years engaged in the above occupations, he has established a reputation for promptness and accuracy which can be gained by experience only. Office and residence, southwest corner Wayne and Clinton streets.

Gazeteers and Directories.—I design permanently establishing an office for the publication of Gazeteers and Directories, and a General Advertising Agency at Fort Wayne, and respectfully solicit the patronage of those who may wish information in regard to the rates of advertising throughout the entire West. I also propose, as rapidly as possible, publishing Gazeteers and Directories for the principal counties and cities in the Western portion of the Union. Those wishing to advertise, will please address,

County Towns.

ALLEN COUNTY.—Organized 1824, containing 661 square miles, is bounded on the north by DeKalb and Noble, on the south by Adams and Wells, on the east by the Ohio State line, and on the west by Whitley and Huntington. Population, 28,000.

FORT WAYNE,

The county seat of Allen county, is the largest and most flourishing city in Northeastern Indiana. Its situation is beautiful, on the south bank of the river, at the junction of the St. Mary and St. Joseph's rivers, which form the Maumee, 100 miles above Lake Erie.

It occupies the site of the ancient Indian town of Ke-ki-on-ga. At a very early day the French established a military post at this place. About the year 1760, the English built a fort here. In the year 1794, General Wayne erected the fort which bore his name, and which was garrisoned until the year 1816. It was torn down in the year 1852, and a large portion of the sound timber which remained was made into canes, and presented to the oldest citizens of the county.

Although its first settlement by the French dates back to the time that Wm. Penn founded Philadelphia, yet the present city dates its foundation but twenty years back. It now contains a population of about 15,000, and is rapidly increasing, in wealth and substantial property, as well as population. Extensive Flouring Mills, Foundries, Machine Shops, Car-Manufactories, and other establishments are in successful operation in and about the city. Fifteen Churches beautify and adorn it. A Male and Female College and Female High School, have fine buildings, accomplished teachers, and are well sustained. About thirty thousand dollars have been expended by the city within the past few years, in the erection of two large School Houses, in which, together with a number of private schools, about 3,000 scholars are receiving classical and common school educations.

The Wabash & Erie Canal and the Pittsburgh, Fort Wayne & Chicago and Toledo and Great Western Railways, afford ample facilities for

the transportation of its manufactures and the expensive produce trade which is carried on.

It contains many fine buildings, among which are, the Aveline House, but recently erected, at a cost of \$25,000. Its situation is central (on the southeast corner of Calhoun and Berry streets,) and is an ornament to the city. It is four stories high, and seventy-eight in width by eighty-four feet in length, containing several hundred rooms. All portions of the building are amply supplied with water, and the entire building is heated by furnaces. It is to be fitted up in the best of style, with all the modern improvements, and intended to rank with the finest hotels, East or West. Four capacious store-rooms occupy the first floor.

The Court House—which is almost finished—one of the finest in the State, is built of brick and capped with freestone. The length of the main building is one hundred and twenty feet and the breadth sixty-five feet, with wing on east and west of front, twenty by forty feet. The entire building by square, fifty feet high, built by D. J. Silvers, contractor. From the ground to the top of the cupola, one hundred and fifty feet. The ornamental work consists of eight octagon shafts extending from eight to twenty feet above the building. It will contain all the County Offices and the County Agricultural Hall, besides the extensive Court Room and the Jury Room. It will be heated by two of Kerfoote's Improved Furnaces, and will be amply supplied with cistern water and piping for the general use of the building. It is an ornament to the city and a credit to the county, It occupies a half square in the central portion of the city, and is almost surrounded by large blocks of buildings, principally brick. Its cost will be about \$75,000,

The Catholic Cathedral, recently erected at a cost of about \$75,000, in dimensions is 75 by 175 feet. Its architecture is magnificent, very much resembling Trinity Church, New York. It will accommodate 1,200 persons.

The Depot, which is one of the largest and finest on the Pittsburgh, Fort Wayne & Chicago Railroad, occupies a prominent position among the number of buildings recently erected.

Eight blocks of new buildings, containing twenty-five beautiful store rooms, have been erected quite lately, and are being occupied as fast as finished. They are all brick and stone, no frame buildings being erected in or near the central or business portion of the city. From eighty to one hundred and forty dwelling houses, principally brick, at a cost of from \$600 to \$8,000 each, have been erected during the past year, and stand forth as living monuments to show the rapid growth of our city. Fort Wayne is eminently possessed of all the elements necessary to a great

manufacturing city, with the exception of navigation, for which deficiency railroads and canals will make up. The enterprise and capital are here, and are being used in the right direction. Undoubtedly, Fort Wayne promises to be one of the largest cities in the great Northwest. Distant from Indianapolis—northeast—112 miles,

ELM PARK NURSERY.—This Nursery is on the Railroad and Canal, four miles east of Fort Wayne, on the farm of I. D. G. Nelson. Mr. Nelson is a Pomologist, who has taken much interest in horticultural matters for many years, and has, perhaps, the finest fruit farm in the State. He has over *two thousand* bearing apple trees, embracing nearly two hundred different sorts—*two hundred* standard and dwarf pear trees—*one hundred* standard and dwarf cherry trees—*fifty* plum trees—*two hundred* peach trees—over twenty varieties of grapes—besides all the various kinds of small fruits.

The business of the Nursery, which is among the largest and finest in the West, is conducted by his son, under the name and style of De Groff Nelson & Co.

LINDENWOOD CEMETERY.—This Cemetery is situated about one and a half miles west of Fort Wayne, and contains one hundred and sixty acres of land, which was purchased by a company of gentlemen in 1859, and set apart and consecrated the following year as a place to be used exclusively for the burial of the dead.

The ground is peculiarly adapted to the use to which it is appropriated, and is handsomely laid off in sections of from two to five acres; which are subdivided into lots of three hundred square feet and upwards. The sections are separated by avenues, making pleasant drives over the whole grounds, of several miles in extent.

Aside from the necessity of having a place for the burial of the dead, the enterprise reflects great credit upon the incorporators for furnishing a place of free resort for all classes of citizens to pass a leisure hour with their families during the spring, summer and autumn months, amid the groves and forest trees that everywhere abound on these beautiful grounds.

The improvements will be much increased as soon as the property is wholly paid for, as the entire proceeds from the sale of lots is then appropriated to the embellishment of the grounds.

The following are the officers:

I. D. G. NELSON, PRESIDENT.

J. L. WILLIAMS,

H. McCULLOCH,

P. HOAGLAND,

O. P. MORGAN,

} DIRECTORS.

C. D. BOND, Secretary and Treasurer.

NEW HAVEN.

New Haven, (Adams Township,) a small post town, containing about three hundred and seventy-five inhabitants, is situated east from Fort Wayne, six miles, on the Wabash & Erie Canal and the Toledo & Wabash Railroad. It contains one Grist Mill, one Saw Mill, one Stave Manufactory, three Churches, one Methodist Episcopal, one Catholic and one Lutheran, and is quite a thriving town.

HAMILTON.

Hamilton, (Leo P. O.,) Cedar Creek Township, is situated twelve miles N. N. E. from Fort Wayne, on the St. Joseph River. It contains one School House, a Grist Mill, one Saw Mill, the Township Library of 600 volumes, (John Scoreph, Librarian,) a Masonic Lodge, a Lodge of I. O. of G. T. one Methodist Episcopal Church, one Catholic Church and one Church of United Brethren. Merchandizing and manufacturing is also largely represented, for a village of about three hundred inhabitants.

MONROEVILLE,

The principal town in Monroe Township, is a station on the Pittsburgh, Fort Wayne & Chicago Railway, sixteen miles southeast from Fort Wayne. It has a population of about one hundred. It contains some very good buildings, in which quite a brisk business is done in Grain, Produce and Commission, Dry Goods and Groceries. Two quite large Saw Mills are kept in constant operation, furnishing lumber to a large portion of Monroe and adjoining townships. It is a post town, and can be reached by telegraph as well as mail.

EAST LIBERTY,

Eighteen miles southeast from Fort Wayne, is situated in the southeastern portion of Monroe Township, and contains about seventy-five inhabitants. For a town of its size, it is very well represented by business men, there being several Carpenters, a Dry Goods and Grocery Store, a Tannery, &c. Goods sent to East Liberty are received at Monroeville.

MAPLES,

The Post Office of Jefferson Township, is a small town 10 miles southeast of Fort Wayne, on the Pittsburgh, Fort Wayne & Chicago Railway, and contains a population of about eighty, one Saw Mill, a Dry Goods and Grocery Store, Shoe and Blacksmith Shops, Physicians, several Carpenters and Builders, a Depot for Fruit and Ornamental Trees, &c.

MIDDLETOWN,

Is a small post town of about one hundred inhabitants, situated south from Fort Wayne twelve miles, in Marion Township, of which Root is the Post Office. It contains one School House, one Methodist Episcopal Church, a Lodge of Masons, one Hotel, and is the location of the Township Library, of which J. E. Burritt is the Librarian.

WILLIAMSPORT,

Marion Township, a small village of about seventy-five inhabitants, is quite a busy little place. It lies south from Fort Wayne some $13\frac{1}{2}$ miles, on the St. Mary's River. It contains two Saw Mills, one Presbyterian Church, one School House and one Grist Mill. The Post Office for this place is Root.

MAYSVILLE AND CUBA.

Maysville and Cuba are two small villages one mile apart, situated northwest—Cuba thirteen miles, Maysville fourteen miles—from Fort Wayne, in Springfield Township, of which Harlan is the Post Office. Maysville contains about one hundred inhabitants, on Grist Mill, one Saw Mill, one School House, two Churches, one Methodist Episcopal and one United Brethren, one Hotel, and the Township Library of 600 volumes, of which P. S. Crisinbaugh is Librarian. Cuba is a village of some sixty inhabitants, containing one School House, one Protestant Methodist Church, one Grist Mill, one Saw Mill, and one Hotel.

Improved Stock.

As a matter of history worthy of being preserved, we give the following account of the first "Short Horn Durham Cattle" introduced into Allen County:

In October, 1853, a company was formed, having for its object the improvement of stock in the county. Messrs. Lott S. Bayless and Benj. Ruffner were deputed to go to Kentucky and purchase some of the best stock they could find. They made the purchases, and after their return the company had a public sale in November. Below, we give an account of the sale as published at the time. It shows that the spirit for the improvement of stock was well up at the time, and its beneficial effects are now felt throughout the county:

Goldfinder, bull calf, 5 months,	I. D. G. Nelson,	\$175
Miss Dillaree, white cow, 2 years,	same	105
Little Nell, 1 year old heifer,	same	110
Rosetta, 2 year old heifer,	same	240
Effie, 3 year old heifer,	same	300
Dan. Boone, bull calf, 3 monts,	Dr. Pierce,	90
Beauty Spot, 1 year old heifer,	same	50
Olive, 3 year old heifer,	same	485
Red Pet, 1 year old heifer,	L. S. Bayless,	120
Little Corporal, 1 year old bull,	same	155
Clara, 10 year old cow,	Benj. Ruffner,	260
Snowdrop, 2 year old heifer,	T. J. Browning,	250
Dow, 1 year old bull,	same	175
Election, 1 year old bull,	E. Rudisill,	80

Farmers throughout the county are beginning to turn their attention to the raising of Sheep. The "long, or coarse wools" appear to be growing in popularity very rapidly. The cut on the next page represents a group of "Improved Kentucky" Sheep, from the flock of R. W. Scott, Esq., near Frankfort, Ky. Some of these Sheep have been introduced into this county, and are now bred by I. D. G. Nelson, at Elm Park. They partake largely of the character of the Cotswold, of which blood they are chiefly composed; but the staple is a little finer and not quite so long. The usual weight of a well fattened wether of this or the pure Cotswold breed, is about 200 lbs., or double that of the common breed of the country, and two-thirds more than the fine wool breeds. The average weight of the fleece is about eight pounds, but is not unfrequently much more.

De Groff Nelson & Co.,

At Elm Park Nurseries, near Fort Wayne, have a large and complete stock of Fruit and Ornamental Trees, Shrubs, Plants, etc., that they offer for sale at reasonable prices.

Agents from abroad are in the habit of representing that they have many things of new and rare merit that have never before been offered to the public. We have no such silly inducements or clap-traps to humbug the people with. But we will say this, that there is nothing in our line of any value that we do not raise and can not furnish fresh from the ground.—Our trees are warranted *alive*, healthy and true to name, which to say the truth is not *always* the case with those from abroad. Colored plates of fruit are extensively exhibited, such, for instance, as the "King of Tompkins County," a very fine, showy apple, selling the trees, (switches only) at from seventy-five cents to one dollar each. We have always sold trees of this same variety, except that our's were more than twice as large and worth three times as much, for TWENTY CENTS each. Others have been selling the "Augusta Rose," as a hardy perpetual, and a profuse bloomer of surpassing beauty. FIVE DOLLARS was asked and paid for it (ourselves among the number) supposing by the array of witnesses ingeniously "dug up" for the occasion, that a great floral prize had been obtained. It proved a humbug, being nothing more nor less than the old Solfetaire, or a reproduction of it, a very good but exceedingly tender yellow rose worth fifty cents.

Another instance was the famous "sell" of the "Charter Oak" Grape. Specimens of the fruit were exhibited in magnifying bottles as large as black walnuts. FIVE DOLLARS was the moderate price asked per root, which was freely given by verdant purchasers, only to be laughed at by their more cautious neighbors. This grape is entirely worthless and not now cultivated at all.

We have only mentioned these few as among the most glaring instances of the hundreds that are being practiced and which will perhaps continue as long as irresponsible agents or parties are encouraged. One of these agents on being catechised in regard to these "little irregularities" as he termed them, remarked that the people would be humbugged in some manner or other and he might as well have the benefit of it as any one else.—However true the remark may be in regard to the propriety of our people, such impositions as those will to some extent effect the sale of new and valuable varieties of fruit and perhaps materially retard their introduction; but it is perhaps better to err on that side than to encourage the kind of swindling that has been so freely practiced with such bare-faced impunity for some years past.

Our policy is to purchase every thing new that has the appearance of merit, however extravagantly high the price asked; but not to send it out with a recommendation until we have tested it on our own grounds.—When having done so we will give our experience, which we intend shall not mislead the purchaser. But that we may not be suspected by some of arrogating to ourselves too much credit for disinterestedness of purpose, we will add, that motives of policy, if no higher consideration, prompts us to pursue such a course. This is our home, and we hope to build up a reputation that will ensure us a business so long as we desire to continue it. We put out 100,000 apple grafts every season, mostly of hardy, desirable western sorts, besides other fruit and ornamental trees.
